

LIQUID SOLUTIONS

EXPERTS IN LIQUIDS PROCESSING FILTRATION AND BOTTLING

PUMPS (electric)

Various options available: all IP55 rated, food grade. Most in choice of single or three phase. Many other models available. Inlet/ outlet fittings available as required. Additional details on request. All prices plus delivery at cost, plus VAT

1/ Centrifugal pumps

Stainless impeller pumps, in WIDE use in the drinks industry. Can be throttled back using a valve on the outlet, and/or have a by-pass fitted, to slow down for filtration Standard 1 ¼" BSPf IN / 1" BSPf OUT

<u>Model</u>	<u>lph max.</u>	<u>bar max</u>	<u>Price</u>
SEDX 70/07	4,800	2.8	£395
SE2DX 120/20	9,000	4.4	£590
SE2DX 200/30	12,500	5.5	£675
By-pass			£175

2/ Flexible impeller pumps

For fluid transfer. Standard pumps have reversible direction switch. Different impeller materials available, e.g for oil.

<u>Model</u>	<u>lph max.</u>	<u>bar max</u>	<u>Price</u>
LEP MN 34	1,600	2.9	£380
LEP MD 114	5,750	2.9	£495
LEP MN 40	10,000	2.7	£590
LEP MA 60	18,000	1.7	£830
By-pass			£130 to £200

3/ 'Mono' type pumps

Good for filtration, with a bypass and ideally speed controller.

<u>Model</u>	<u>lph max.</u>	<u>bar max</u>	<u>Price</u>
SF19 4P/MF	600	4.0	£735
SF30 4P/TF	2,900	5.0	£895
SF35 4P/TF	4,500	5.0	£1085
By-pass			£180 to £230
Electronic Speed Controller			£485
Electric fan			£220

SS trolley (for any pump)	£80
Inlet / outlet fittings, e.g 1 ½-inch RJT	£30 each
