EMME 5-O	5	6,250	2,500	£13,860
EMME 10-O	10	12,500	5,000	£19,720

The main differences between DCBL FILTERS for wine and for beer are **WINE** : - Mesh size in 80 micron - Piping not polished inside / standard manufacturing **BEER** : - Mesh size in 60 micron - Piping properly designed to minimize turbulence phenomena, polished inside. - Adjustable stainless steel valves. Sanitary pressure gauges
