'LAP' series Self-adhesive labellers

Small, well-engineered, semi-automatic bench-top labellers, easily adjustable for a wide range of bottle and label sizes including full wrap-around and option for front-and-back off the same roll.

Footswitch operation, single phase supply, for cylindrical and some tapered containers

Spring-loaded pressure arm keeps container steady and ensures labels are applied firmly.

Container heights 25 to 235mm, bottle diameters 15 to 170mm.

Speed up to 1000 bottles per hour

LAP2 model has digital counter and memory for 9 front/back label spacings.

Example prices:

LAP 1 - single label machine £1,275

LAP 2 - two label machine £1,565

Prices exclude delivery, commissioning and VAT
